Please call or email us to have us figure the shipping price for your certificate.

If you have multiple Gift Certificates going to different addresses, **please fill out a separate order form for each certificate.**

(If they will all be shipped to the same address, you only have to fill out the shipping address once. Just write **ALL** by the address.)

Choose one of the Certificate order forms to be your main form, add up any additional **Single Gift Certificate Amounts** from other forms and put that total under **Other Gift Certificates Total**. Then write in the priority mail shipping amount (add up the amounts for each address) and figure your **Gift Certificate Subtotal**. If you are a New Mexico resident, figure your Gross Receipts tax and add this in for your **Total**. (Are you confused yet?!)
